HISTORY EDITION

Bespoke audio system with front panels made from olive wood
more than 800 years old

• Saint Anne's Chapel in the Gothic Kost Castle, near Prague (Czech Republic), cca 700 years old •

■ WE HAVE STRIVED TO COMBINE HISTORY, TRADITION AND INNOVATION

The system is equipped with top-notch audio components. The front panels have been made from 8 centuries old olive, which grew in Calabria (Southern Italy). Wood that exclusive was kept to dry out for 30 years to ensure its stability. Procured from Kinský Wood Design, the design and premium finish was created in cooperation with accomplished architects.

■ 100 BITCOINS GUARANTEE EXCLUSIVITY

HISTORY EDITION

We are a Prague-based boutique brand, which creates high-end bespoke design audio systems. Top audiophile components from the most venerable suppliers, such as Mundorf, WBT etc. are used to create unique art objects with unprecedented design and placement flexibility.

Moreover, our innovative, interchangeable front panels allow to match client's interior and change the style anytime.

We work together with architects and interior designers to help transform both residential and commercial interiors. Such cooperation has already brought to life panels made of slate (stone), exotic wood (800+ year-old olive) or fine art photos in highly limited editions.

We would be delighted to welcome you in our Prague showroom, do not hesitate to book an appointment.
